

AALAS Bookstore Catalog · Spring 2010

## ALAT Resources

### Required Reading

#### A. ALAT Training Manual and Companion CD

Provides an introduction to laboratory animal care and discusses the animal facility environment, animal health, research techniques, and species-specific information. The companion CD is an interactive study tool that supplements the manual content. (2009; 252 pages)

Item #01-00001 \$65 member/\$100 nonmember

Spanish version is based on the 1998 edition of the ALAT Training Manual, not the current version upon which the ALAT exam is based. It does not include a companion CD.

Item #01-00002 \$40 member/\$60 nonmember

#### B. ALAT Resource Kit

Contains the additional resources on the ALAT reference list to study for the ALAT certification exam. Components of resource kits are not sold separately.

- Guide to the Care and Use of Laboratory Animals
- Animal Welfare Regulations
- Technician Certification Quick Reference Guide

Item #01-00006 \$15 member/\$50 nonmember

### Helpful Study Guides

#### C. ALAT Training Manual Workbook

A study tool that corresponds to the chapters in the ALAT Training Manual. Includes practice exams for each unit and a comprehensive final exam. Useful for independent and group study. (2009; 160 pages)

Item #01-00019 \$18 member/\$30 nonmember

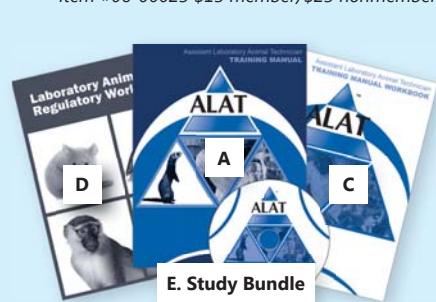

#### D. Laboratory Animal Regulatory Workbook

A study tool for regulatory mandates:

- Guide for the Care and Use of Laboratory Animals
- The Animal Welfare Act and Regulations
- The PHS Policy
- Good Laboratory Practice Standards
- AVMA Guidelines on Euthanasia
- Occupational Health and Safety in the Care and Use of Research Animals
- Biosafety in Microbiological and Biological Laboratories

Contains mandate summaries and practice questions. (2009; 158 pages)

Item #06-00025 \$15 member/\$25 nonmember

### Convenient Packages

#### E. ALAT Training Manual & Workbooks Study Bundle

Save \$10! The ALAT Training Manual, the ALAT Training Manual Workbook, and the Laboratory Animal Regulatory Workbook in one convenient package.

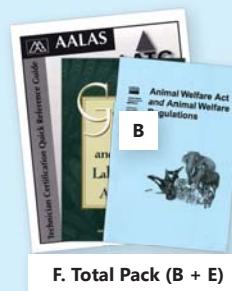

Item #01-00014 \$85 member/\$150 nonmember

#### F. ALAT Total Pack

Save \$15! Everything you need to study for the ALAT certification exam, in one convenient package.

- ALAT Training Manual with companion CD
- ALAT Training Manual Workbook
- Laboratory Animal Regulatory Workbook
- Guide for the Care and Use of Laboratory Animals
- Animal Welfare Regulations
- Technician Certification Quick Reference Guide

Item #01-00016 \$95 member/\$200 nonmember

## LAT Resources

### Required Reading

#### A. LAT Training Manual and Companion CD

Expands and enhances the knowledge base from the ALAT Training Manual. Topics covered include administrative responsibilities, laboratory techniques, genetics and breeding, anatomy and physiology, animal facility equipment, the laboratory environment, animal health maintenance, health and disease, diagnostic techniques, aseptic technique, surgical support and anesthesia, emergency veterinary care, research methodology, calculations and conversions. The companion CD is an interactive study tool that supplements the manual content. (2009; 186 pages)

Item #02-00001 \$50 member/\$80 nonmember

Spanish version does not include companion CD. Topics listed above.

Item #02-00002 \$40 member/\$60 nonmember

#### B. LAT Resource Kit

Contains resources from the LAT reference list to study for the LAT Certification exam. Components of resource kits are not sold separately.

- Public Health Service Policy on Humane Care and Use of Laboratory Animals
- Good Laboratory Practices for Nonclinical Laboratory Studies (FDA)
- AVMA Guidelines on Euthanasia
- Clinical Laboratory Animal Medicine
- Technician Certification Handbook

Item #02-00006 \$60 member/\$85 nonmember

### Helpful Study Guides

#### C. LAT Training Manual Workbook

The LAT Training Manual Workbook is a study guide that corresponds to the chapters in the LAT Training Manual. Two midterm exams and a comprehensive final exam test retention. Useful for independent and group study. (2008; 108 pages)

Item #02-00005 \$15 member/\$25 nonmember

#### D. Laboratory Animal Regulatory Workbook

A study tool for regulatory mandates

- Guide for the Care and Use of Laboratory Animals
- The Animal Welfare Act and Regulations
- The PHS Policy
- Good Laboratory Practice Standards
- AVMA Guidelines on Euthanasia
- Occupational Health and Safety in the Care and Use of Research Animals
- Biosafety in Microbiological and Biological Laboratories

Contains mandate summaries and practice questions. (2009; 158 pages)

Item #06-00025 \$15 member/\$25 nonmember

### Convenient Packages

#### E. LAT Training Manual & Workbooks Study Bundle

Save \$10! The LAT Training Manual, the LAT Workbook, and the Laboratory Animal Regulatory Workbook in one convenient package.

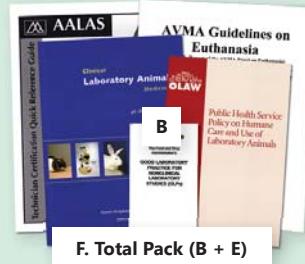

Item #02-00016 \$70 member/\$130 nonmember

#### F. LAT Total Pack

Save \$15! All the resources needed to prepare for the LAT certification exam, in one convenient package.

- LAT Training Manual with companion CD
- LAT Training Manual Workbook
- Laboratory Animal Regulatory Workbook
- Public Health Service Policy on Humane Care and Use of Laboratory Animals
- Good Laboratory Practices (FDA and EPA)
- AVMA Guidelines on Euthanasia
- Clinical Laboratory Animal Medicine
- Technician Certification Quick Reference Guide

Item #02-00019 \$125 member/\$215 nonmember

## LATG Resources

### Required Reading

#### A. LATG Training Manual and Companion CD

Covers the following topics: functions of management, identifying and controlling costs, regulations and security, quality assurance, occupational health and safety, structure and function of cells and tissues, organic chemistry and biochemistry, molecular biology, genetic engineering, infectious diseases, immunology, common diseases of laboratory animals, diagnostic techniques, pharmacology, anesthesia and analgesia, unique anatomical features of some laboratory species, gnotobiology, statistics. The companion CD is an interactive study tool that supplements the manual content. (2007; 219 pages)

Item #03-00001 \$65 member/\$100 nonmember

Spanish version is a photocopy of the 1991 edition; does not include companion CD.

Item #03-00002 \$35 member/nonmember

#### B. LATG Resource Kit

Contains the additional resources from the LATG reference list to study for the LATG Certification exam. Components of resource kits are not sold separately.

- Biosafety in Microbiological and Biomedical Laboratories 5th Edition
- Occupational Health and Safety in the Care and Use of Research Animals
- Cost Analysis and Rate Setting Manual for Animal Resource Facilities
- Technician Certification Handbook.

Item #03-00006 \$80 member/\$115 nonmember

### Helpful Study Guides

#### C. LATG Training Manual Workbook

A study tool that corresponds to the chapters in the LATG Training Manual. Includes exercises in a variety of question formats, practice exams for each unit, and a comprehensive final exam. Useful for independent and group study. (2008; 181 pages)

Item #03-00019 \$18 member/\$30 nonmember

#### D. Laboratory Animal Regulatory Workbook

A study tool for regulatory mandates:

- Guide for the Care and Use of Laboratory Animals
- The Animal Welfare Act and Regulations
- The PHS Policy
- Good Laboratory Practice Standards
- AVMA Guidelines on Euthanasia
- Occupational Health and Safety in the Care and Use of Research Animals
- Biosafety in Microbiological and Biological Laboratories

Contains mandate summaries and practice questions. (2009; 158 pages)

Item #06-00025 \$15 member/\$25 nonmember

### Convenient Packages

#### E. LATG Training Manual & Workbooks Study Bundle

Save \$10 by ordering the LATG Training Manual plus the LATG Workbook and the Laboratory Animal Regulatory Workbook in one convenient package.

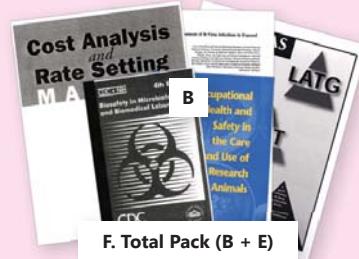

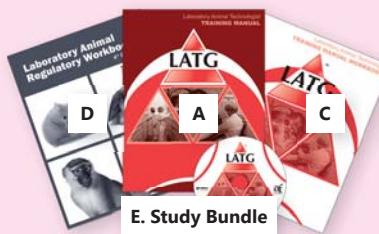

Item #03-00014 \$85 member/\$150 nonmember

#### F. LATG Total Pack

Save \$15 by ordering all the resources needed to prepare for the LATG Exam in one convenient package. Includes:

- LATG Training Manual with companion CD
- LATG Training Manual Workbook
- Laboratory Animal Regulatory Workbook
- Biosafety in Microbiological and Biomedical Laboratories, 5th Edition
- Occupational Health and Safety in the Care and Use of Research Animals
- Cost Analysis and Rate Setting Manual for Animal Resource Facilities
- Technician Certification Quick Reference Guide

Item #03-00017 \$155 member/\$265 nonmember

## Tech Study Aids

#### A. AALAS in a Flash

A great review tool to prepare for the technician certification examinations or just to brush up on the material. The game provides 700 questions and answers covering each chapter of the technician certification manuals in a fun, easy-to-use flash card format. Can be used in a group setting or for self study.

Item # 06-00012 \$15 member/\$22 nonmember

#### B. Regulatory Flash

Review and reinforce the concepts found within the regulatory mandates included in the reference lists for the AALAS technician certification exams with this handy study tool. The questions (600 total) help you review essential regulatory material not covered in the technician certification manuals, including the Animal Welfare Regulations, the Guide, PHS Policy, GLPs, AVMA Guidelines on Euthanasia, BMBL, Occupational Health and Safety in the Care and Use of Laboratory Animals, and the Cost Analysis and Rate Setting Manual for Animal Research Facilities.

Item # 06-00022 \$15 member/\$22 nonmember

## CMAR Resources

### Required Reading

#### A. Management of Laboratory Animal Care and Use Programs

This book, edited by Mark Suckow, Fred Douglas and Rob Weichbrod, is a valuable resource for candidates studying for the Certified Manager of Animal Resources (CMAR) exam or for those looking for an excellent resource on managing animal care and use programs. This book is included in the Animal Resources Exam Kit. (2002; 383 pages)

Item #05-00001 \$70 member/nonmember

#### B. Managing the Laboratory Animal Facility

2nd ed. This book covers both traditional and unique aspects of management. It is a launching pad to providing high quality management of laboratory animal facilities in a financially sound manner. Managing the Laboratory Animal Facility, Second Edition enables a basic understanding of management and leadership concepts in laboratory animal science. (2009; 310 pages)

Item #05-00007 \$70 member/nonmember

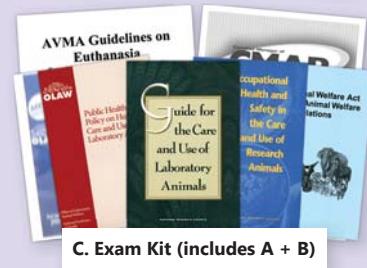

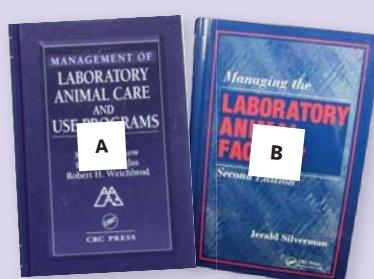

#### C. Animal Resources Exam Kit

Everything you need to prepare for the CMAR Animal Resources certification exam in one neat package. Components of resource kits are not sold separately.

- Guide to Care and Use of Laboratory Animals
- The Animal Welfare Act, Regulations, Standards
- Public Policy on Humane Care & Use of Lab Animals

- 2007 AVMA Guidelines on Euthanasia
- Health & Safety in the Care and Use of Research Animals
- Animal Care and Use Committee Guide
- Laboratory Animal Care and Use Programs
- Managing the Laboratory Animal Facility

Item #05-00002 \$215 member/\$240 nonmember

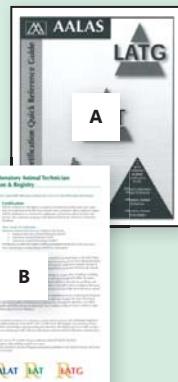

## Certification/Registry Info

### A. Technician Certification Quick Reference Guide

This booklet details the steps to achieve technician certification for all three levels of technician certification. It includes an explanation of the necessary qualifications and an overview of the exam process and scoring. An application form is also included. (2009; 8 pages)

Item #04-00002 Free

### B. Technician Certification & Registry Flyer

Provides an overview of the AALAS Technician Certification Program, certification exams, and the AALAS Certification Registry. Eligibility requirements and details about the application process are included.

Item #04-00004 Free

### C. CMAR Handbook

This booklet lists all the steps to achieve certification as a Certified Manager of Animal Resources (CMAR). Content includes an explanation of the necessary qualifications, an overview of the exam process and scoring, and an application form. (2009; 16 pages)

Item #05-00003 Free

### D. CMAR Brochure

The Certification for Animal Resources Managers (CMAR) brochure describes what becoming a CMAR can do for both your personal and professional development. It also provides a brief overview of the exam process. For more detailed information about the requirements, costs, and the Animal Resources exam, you should consult the CMAR Handbook.

Item #05-00004 Free

## Recognition Items

### Individual Membership Plaque

Proudly display your AALAS membership with this walnut and brass plaque. Membership number must accompany order. (8 x 10 inches)

Item #11-00005 \$20 member

### Technician Certification Retractable Badge Holder

Clips onto any type of clothing to keep ID badges or key cards close at hand when working in the facility.

ALAT: Item #12-00022 \$2 member/\$3 nonmember

LAT: Item #12-00023 \$2 member/\$3 nonmember

LATG: Item #12-00024 \$2 member/\$3 nonmember

### Technician Certification Lapel Pins

(0.875 x 0.875 inch)

ALAT: Item #10-00001 \$6 member/\$10 nonmember

LAT: Item #10-00002 \$6 member/\$10 nonmember

LATG: Item #10-00003 \$6 member/\$10 nonmember

### Registry Lapel Pin

(0.75 x 0.375 inch)

RALAT: Item #10-00004 \$6 member/\$10 nonmember

RLAT: Item #10-00005 \$6 member/\$10 nonmember

### CMAR Lapel Pin

(0.75 x 0.25 inch)

Item #10-00008 \$6 member/\$10 nonmember

### ILAM Lapel Pin

(1 x 0.625 inch)

Item #10-00007 \$10 member/nonmember

## Anatomy Posters

### A. Mouse Anatomy

Displays 26 illustrations on thoracic and abdominal organs, including a longitudinal section of the stomach; the heart and vascular tree with important peripheral vessels; the skeleton; lacrimal, salivary, and mammary glands; characteristics used for sexing mice at a series of ages; coat colors of three common strains; neonatal features; and the ovary and oviduct shown in an embryo transfer procedure. (35.5 x 49.5 inches)

Item #06-00018 \$25 member/\$45 nonmember

sal) and urethral diverticulum (midsagittal); mucosal topography of the stomach; and dorsal and ventral views of the heart. (35.5 x 49.5 inches)

Item #06-00021 \$25 member/\$45 nonmember

### D. Xenopus laevis Anatomy

Highlights the critical embryonic stages of *Xenopus laevis* and details the adult anatomy, including aspects of sexual dimorphism. Illustrations portray the external anatomical features, including the site for pithing, and the internal organs of the gastrointestinal, genitourinary, cardiovascular, lymphatic, neurological, and skeletal systems. An additional illustration of the oral cavity shows the absence of a tongue—a unique feature in this species. (33 x 40 inches)

Item #06-00016 \$20 member/\$30 nonmember

### B. Rabbit Anatomy

Displays a complete rabbit skeleton and many systems of rabbit anatomy. A valuable reference tool for researchers and laboratory technicians. Also an excellent addition to high school or college science classrooms. (33 x 40 inches)

Item #06-00010 \$20 member/\$30 nonmember

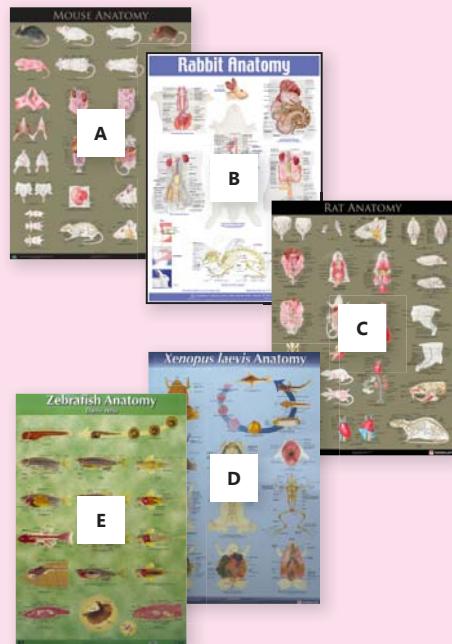

### E. Zebrafish Anatomy

Portrays the critical embryonic stages of zebrafish and the details of adult anatomy, including aspects of sexual dimorphism. Internal organs are illustrated in multiple dissections: heart, gut, liver, spleen, pancreas, ovaries, testes, swim bladder, and kidneys. A midsagittal section shows a male and a female stained in a histological prep. Additional illustrations highlight the brain, skeleton, gills, and gill arches. (33 x 40 inches)

Item #06-00017 \$20 member/\$30 nonmember

### C. Rat Anatomy

Displays 29 detailed anatomical illustrations, including the skeleton; major organ systems; vascular patterns of the orbit; dorsal, ventral, lateral, and midsagittal views of the brain; dissection of nerves and vessels of the rear limb (medial and lateral views); skull and tooth roots; dissection of the penis (dor-

## Books & Media

### A. Working with the Laboratory Dog (4-CD set)

Covers the following topics: regulatory requirements; occupational health and safety; animal identification; sex determination; handling and restraint; routine care procedures; oral administration; non-vascular injections; vital signs monitoring; arterial blood collection; venipuncture; venous catheterization; urinary catheterization; endotracheal intubation; use of sedatives, anesthetics, and analgesics; and euthanasia. (2001)

Item #06-00003 \$60 member/nonmember

### B. Primates, Personnel, and Protection DVD

Features the basics of occupational health and safety issues posed by working with research primates, including disease transmission, personnel protection, and proper handling of exposure incidents. It is a companion to the "Health Risks and Safety Procedures for Working with Nonhuman Primates" course on the AALAS Learning Library. (2004)

Item #06-00015 Free

### C. Working with the IACUC: Writing an Animal Protocol

Helps investigators prepare and submit animal protocols and interact effectively with the Institutional Animal Care and Use Committee (IACUC). A self-administered exam tests retention and can be used as training documentation. Also a great training resource for IACUCs! (2009; 35 pages)

Item #06-00005 \$8 member/\$12 nonmember

### D. Laboratory Mouse Handbook

Information, data, and resources on the biology, care, medicine, and research methods applicable to the laboratory mouse, organized in tables and short sections for rapid retrieval of information. Includes 16 color plate illustrations of anatomy. Indispensable to research scientists, laboratory animal veterinarians, technologists, and technicians. (2006; 76 pages)

Item #06-00019 \$30 member/\$60 nonmember

### E. Laboratory Animal Data: Quick Reference Guide for Researchers

This pocket-sized booklet puts often-used species data for 11 common laboratory animal species at your fingertips. Includes physiological data, common bleeding sites, potential IV injection sites, normal differential blood values, needle sizes and injection volumes, and normal complete blood count values. (2002; 44 pages)

Item #06-00004 \$10 member/\$15 nonmember

### F. Cost of Caring Brochure

2009 edition. Assists all members of the research team in understanding human emotions in the care of laboratory animals and provides suggestions and resources for managing these emotions. Sold in packs of 10. (4 pages)

Item #06-00006 \$10 member/nonmember

### G. 2008 AALAS Compensation Survey

2008 edition. Presents complete, accurate, and up-to-date compensation data on laboratory animal science professionals, allowing an institution to easily compare its compensation levels and benefits with its peers. The survey highlights compensation levels, organizational practices, and detailed job information for laboratory animal facility directors, managers, and supervisors; clinical veterinarians; IACUC coordinators; training coordinators; research technicians; animal health care technicians; senior, mid-level, and entry-level laboratory animal technicians; and cagewashers. The data is also broken down by geographic region, institution type, the number of employees at the institution, and the number of employees in the department. (90 pages)

Item #11-00009 \$150 member/\$250 nonmember

### H. Journal Back Issues

Call for availability.

Comparative Medicine: Item #CM+vol/issue \$40 each  
JAALAS: Item #CT+vol/issue \$40 each

## AALAS & Foundation Info

### A. AALAS Membership Brochure

Overview of AALAS programs and services.

Item #14-00003 Free

### B. Award Nominations Flyer

Identifies the awards available from AALAS and outlines the nomination process and requirements.

Item #09-00004 Free

### C. IACUC Resources Flyer

Information on resources available to IACUC members.

Item #09-00005 Free

### D. AALAS Learning Library Flyer

Learn how the AALAS Learning Library, AALAS' online learning center, can help you increase your personal

and professional knowledge base. This brochure contains all you need to know to sign up today!

Item #06-00007 Free

### E. AALAS Foundation Brochure

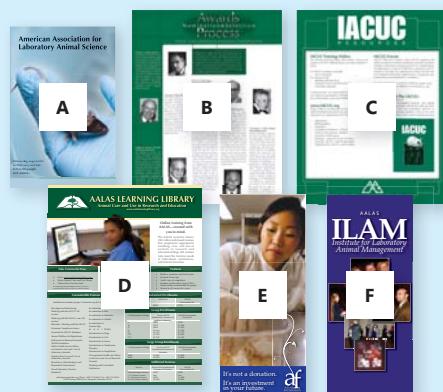

Provides information about the AALAS Foundation's mission and projects.

Item #07-00001 Free

### F. ILAM Management Program Brochure

Information about the ILAM program, which provides administrative education on management skills within the field of laboratory animal science. Includes information on class topics and dates as well as the registration process and fees.

Item #09-00001 Free

# Outreach Materials

## A. Careers in Biomedical Research Brochure

Individuals considering careers in biomedical research will want to review this brochure. It describes the various career paths within the field, from research scientists to technicians to professionals involved in animal transportation and housing.

Item #08-00001 Free

## B. Accept the Challenge to Care DVD

Explores the variety of careers in the field of laboratory animal science through interviews with professionals within the field. Introduces the audience to the benefits humans and animals receive from the use of the animals in medical research. The target audience is high school students who are exploring possible career paths; junior high and college students will also benefit from its contents. (2009; 15 minutes)

Item #08-00021 Free

## C. Why Vet Techs Choose Lab Animal Science Brochure

Describes why veterinary technicians around the country have chosen a career path in the field of laboratory animal science. Perfect for career fairs and classrooms at the high school and college level.

Item #08-00024 Free

## D. Use of Animals in Biomedical Research: Understanding the Issues

This informational sheet concisely explains the reasoning behind animal research and provides a list of additional sources for more in-depth study.

Item # 08-00007 Free

## E. If There is No Animal Research Poster

Suitable for display in school classrooms, medical centers and research facilities, this poster reinforces the necessity of responsible laboratory animal care and use in science to advance health. (11 x 17 inches)

Item #08-00009 Free

## F. Product Safety Testing Poster

Highlights how everyday household products like toothpaste and shampoo must be thoroughly tested to ensure they are safe for human use. Appropriate for middle school and high school students. (11 x 17 inches)

Item #08-00022 Free

## G. Animal Roles in Medical Discoveries Poster

This poster takes a look at the Nobel Prizes for Medicine and Physiology awarded since 1901 and shows the role animals have played in these important discoveries. It is suitable for junior high or high school students. (11 x 17 inches)

Item # 08-00008 Free

## H. Caring for Animals:

### A Guide to Animals in the Classroom Booklet

Provides information for teachers and students about the benefits of having animals in the classroom and issues that may be involved with caring for these animals. Specific information is provided about caring for nine species that are commonly found in classrooms. Signs of pain and distress and common diseases are also discussed.

Item #08-00023 Free

## I. Kids 4 Research: Frog Cut-Out Card

These brightly colored activity sheets are perfect for elementary and junior high students (adults also love them). Children enjoy cutting out and assembling this frog and placing it on top of their classroom computers as a reminder of the web address for the Kids 4 Research website.

Item #08-00025 Free

## J. Frogs: A Comprehensive Course for High School Students DVD

Teaches high school students about the biology, physiological adaptations, anatomy, evolution, and ecology of frog and toad species in the US. (2009)

Item #08-00026 Free

 Funded in part by the AALAS Foundation.

#### ORDERING INFORMATION

**No returns accepted. Please allow up to 2 weeks for processing.**

- Subject to credit approval.
- Purchase orders will be accepted from commercial and institutional members only with an official purchase order by fax or mail. All others, payment **must** accompany order.
- We will accept credit card orders by fax, mail, or online.
- Checks and money orders from outside the USA must be issued on a USA bank. Non-USA bank drafts are not acceptable.
- Duty charges on international orders are the responsibility of the purchaser.
- Delivery cannot be guaranteed on international shipments through USPS and no refunds or credits will be issued.
- Orders are not accepted by phone.
- All prices are subject to change without notice.
- All orders are shipped via UPS Ground unless other arrangements are made and paid for accordingly.
- Orders **cannot** be shipped to P.O. Boxes.
- Receipt for purchase will be mailed to the Shipping address above.
- Member ID must match the shipping information to receive the member price.

#### DISCOUNTS

AALAS offers discounts on select products based on the quantities ordered.

- The discount is applied to the price of the actual product, not the total order.
- Items on the order form marked with an \* are eligible for discount.

#### 10% discount:

"Cost of Caring" brochure: quantities of 3-4 packs

#### 20% discount:

Training manual: quantities of 15 or more (any combination)

Working with the IACUC: quantities of 15 or more

Lab Animal Data book: quantities of 15-39

"Cost of Caring" brochure: quantities of 5-9 packs

#### 40% discount:

Lab Animal Data book: quantities of 40 or more

"Cost of Caring" brochure: quantities of 10 or more packs

#### \$10 discount:

Study Bundle: quantities of 15 or more (any combination)

#### SHIPPING CHARGES

Shipping charges are based on your total order amount and the country to which the order will be shipped.

	United States	Canada/Mexico	International
<b>\$0* to \$50</b>	\$7	\$10	\$15
<b>\$51 to \$200</b>	\$10	\$20	\$30
<b>\$201 to \$400</b>	\$12	\$30	\$45
<b>\$401 to \$600</b>	\$15	\$50	\$75
<b>\$601 to \$800</b>	\$17	\$75	\$100
<b>\$801 to \$1200</b>	\$20	\$100	\$150
<b>\$1201 to \$2000</b>	\$30	\$150	\$200
<b>\$2001 to \$3000</b>	\$40	\$175	\$300
<b>\$3001 to \$4999</b>	\$50	\$200	\$400
<b>\$5000 and up</b>	Free	Free	Free

\*There is a minimum shipping charge when you order only free items, except for public outreach products (those with product numbers beginning with 08-).

AALAS covers the shipping costs for public outreach materials when they are ordered with purchased items; you will still be responsible for shipping charges on the purchased items. For orders of public outreach materials only, shipping costs are supported by the AALAS Foundation.

#### CANCELLATIONS & REFUNDS
